

## 4. PAUL BRTSCHITSCH

### 'Me, Myself And Live'

(ROOTKNOX)

Many of you will have heard of Paul Brtschitsch through his work on Plus 8 and Music Man, but this one is his brand new outing

on Rootknox. The feeling is down tempo and funky but some of the production genius here is fast and furious to the extreme. 11 full and complete tracks that fit beautifully together. Just don't try and pronounce his surname after a night on the old sherries... **M6/M8**
